## Hotel *Safety*

## Cleaning Information

Your Northmace Hotel Safety Kettle should only be cleaned with a soft cloth, slightly moistened with water (moist but NOT wet). Do not use any cleaning products as even in diluted form they may damage the finish. Avoid the areas around the switch and the electrical connections. Remember to completely isolate your kettle from the electricity supply before attempting to clean it. Then polish dry with a dry soft cloth.

- A** 850 W helps prevent overloading hotel power supply
- B** Sight window to indicate water level
- C** Safety hinged lid
- D** Auto switch-off with 'on-off' power indicator light
